

Girls Rock Math Scholarship Application

2019

Girls Rock Math has a limited number of full and partial scholarships for Summer Camp. Scholarship funds are offered so that children who otherwise could not afford to attend camps, can attend. Scholarships are awarded based on the applicant's need and interest in the camp. First time applicants will be given consideration over those who have previously received scholarships.

To Apply:

- Complete the application and save the file as: **Child First Name Last Name Sch App**
 - Attach a scanned hand-written letter from the child explaining why she wants to go to camp (or as age appropriate a picture and limited writing)
 - A Letter of Reference from a current teacher
- *Please do not send additional materials*

Scan and send your application to: camp@girlsrockmathematics.com and write "Scholarship Application" in the Subject line

Please be as comprehensive as possible in the information you give us. We will send a reply that your scholarship application has been received. Scholarships from Girls Rock Math are not guaranteed until you receive an approval letter. You are responsible for any remaining balance after the scholarship funds have been issued. You will not be reimbursed for payments made in advance of your scholarship approval. You will be notified of our decision no later than April 1, 2019.

Awards:

We will award \$150 scholarships and \$225 scholarships at the discretion of the scholarship committee and available funding. These funds may be used for up to two camps and may be applied to break camps and summer camp. We reserve spots specifically for scholarship candidates but it is possible you will not get your preferred location and/or date due to availability.

If you have questions, please contact Jessica Wexler at 206-226-9240

Eligibility Requirements:

- Must currently be in Kindergarten-5th grade
- A resident of Washington State
- All children must complete a separate application, even those in the same household

Child's Full Legal Name: _____ DOB: ____ / ____ / ____
